Subject: US Oil & Recovery data - Scribe database

Hi Brenda - attached is the US Oil and Recovery Scribe database. It includes all the data WESTON has. The file is zipped – I know your firewall has had problems with zipped files before, so I changed the name to “zit”, you should be able to change it back to “zip” and it will work fine. I am taking Monday off from work, but will be back in the office Tuesday. Hope you have had a great weekend. Please let me know if you have any questions or need any more information – thanks - Michelle
